

A. KIMBERLY-CLARK® KIMPACK® CELLULOSE PADS
 White, bleached, 100% recycled fiber, Hydro-Crepe™ cellulose tissue; multiple ply. Absorbs 16 times its weight in liquid. 14.5"W x 19.5"L x .25" thick. 40 Pads/case.

38369

B. BULK CAVITY FILLER
 An alternative to cotton and gauze, Cavity Filler gels fluid to prevent leakage. Ideal for eye cavities or autopsy, difficult or donation cases.

577119 25 lb. Bx

C. BODY INSERTS
 Contained in a smooth fiber casing for easy insertion. Adsorbs up to 40 times their weight in fluid.

577211 3" x .75" Dia., 75/Bx

577223 3" x .75" Dia., 35/Bx

577235 5" x .75" Dia., 50/Bx

577247 5" x .75" Dia., 20/Bx

577331 8" x 1.25" Dia., 10/Bx

577343 36" x 1.5" Dia., 10/Bx

D. ADSORBENT CAVITY PADS
 Useful where large quantities of fluid pooling can be expected or for insertion into hollow spaces such as autopsy cavities. 7"L x 3"W x 1"H. Adsorbs 550 ml of fluid with minimal increase in size. 25/box.

577274

E. ROLLED CELLULOSE

Highly absorbent, white, bleached, multiple ply cellulocotton in either 2.5 lb. roll or 5 lb. roll; non-perforated, can be cut to desired length. 2.5 lb. roll is 12"W x 15'L x .25" thick; 5 lb. roll is 24"W x 15'L x .25" thick.

4391 2.5 lb. Roll

4383 5 lb. Roll

F. CHEMSORB® SPILL PILLOW
 Absorbs up to 1 gal. 16"W x 8"D x 2"H. Meets OSHA compliance for spill control.

515841

A. CRYPT LINERS

Minimizes risk of future leakage and liability. 32"W x 16"D x 2"H. Placed at the opening of crypt prior to closure; large section lies on floor of crypt and smaller section folds at a 90° angle to rest against crypt closure plate. Multiple liners can be used in the entire length of the crypt. Can be placed in a casket underneath a body. Adsorbs up to 8 gallons of fluid. 12/case.

577317

B. KELCO® THANATECH® NON-STERILE SPECIALIST ROLLED COTTON

Coarser, medium length fibers. Bleached white. 1 lb.

83348

C. WEBRIL® PREP TOWELS & DISPENSERS

100% highest quality pure cotton; absorbs up to ten times its own weight in liquid. Lint-free. Each 8"W towel is perforated every 15"; 50 towels per roll. Dispensers sold separately.

31305 Webril Roll

31313 Plastic Webril Dispenser

333119 Stainless Steel Webril Roll Holder

D. ENVIROSORB™ SUPER-ABSORBANT ROLL

Place the super-absorbent material inside orifices, incisions, or wounds, fluids are absorbed within this innovative hydrophilic fabric turning it into sealing gel. Use with Embalmers Patch #577485.
