

A. DIE-CAST ZINC OVAL TOP MARKERS

Provides the ultimate statement in appearance and durability. The chrome-plated finish stands up to years of harsh weather and extreme temperature fluctuations. The decedent information section is 8.5"W x 4.5"H and features space for name, year of birth and year of death. Space is provided for an emblem featuring the following themes: Masonic, Star of David, Laurel Wreath, U.S. Flag and Christian Cross. One-line service provider imprint strips of up to 28 character spaces identify your funeral home or cemetery. Letter and number characters as well as emblems and service provider imprint strips are embossed in raised silvertone on black background aluminum stock; they fit easily into place on backing plate with tab-in-slot attachments. Aluminum stakes give markers an overall height of 15.75". Minimum order is 25 markers. Each set of 25 includes the following: 25 service provider imprint strips, 25 emblems; (emblems can be single theme or mixed themes; specify when ordering) 25 face plates and 25 backing plates; 25 stakes with 50 screws to assemble markers, two screws per marker; approximately 1100 tab-in-slot letter, number and space characters. set/25.

31275

B. STAMPED ALUMINUM MARKER

This marker has an 8.5" x 4.625" information plate that is permanently riveted to an aluminum stake for an overall height of 15.75". Three separate tab-in-slot character strips per marker allow decedent's name, year of birth and year of death to be easily attached to the information plate after characters have been slid into place. Slide-in letter and number characters are embossed in raised black on silvertone background. A three-line service provider identification strip is printed in black ink on a waterproof material and slides into one of the character strips; each imprinted line must fit within 3". Orders must be in multiples of 3 dozen markers: 36 information plates with permanently riveted aluminum stakes; 108 character strips, three per marker; 36 imprinted service provider identification strips, specify information when ordering; approximately 1400 slide-in letter and number characters. set/36.

HIGH IMPACT POLYMER MARKERS

Plaque style temporary markers are injection molded from high-impact polymer material. Edges are beveled; material has a granite-like appearance. Included galvanized steel rod(s) insert securely into a tapered hole. All have three holes so additional rods may be installed for stability; small plaque comes with one rod, large plaque comes with two rods; extra rods can be purchased separately. 8.5" x 11" sheets of peel-and-stick labels are made from a colorless frosted material with high-tech adhesive backing especially designed for outdoor use. Labels are sold separately, for inkjet or laser printers. Use Microsoft Word or other software to set up labels (not provided). Markers are shipped with complete instructions for producing and applying labels. Rods may be cut to desired length for upright or ground level applications; simply bend rod to a 90 degree angle for ground level use. Minimum order is 12 markers per style; orders over 12 per style do NOT need to be in multiples of 12 per style.

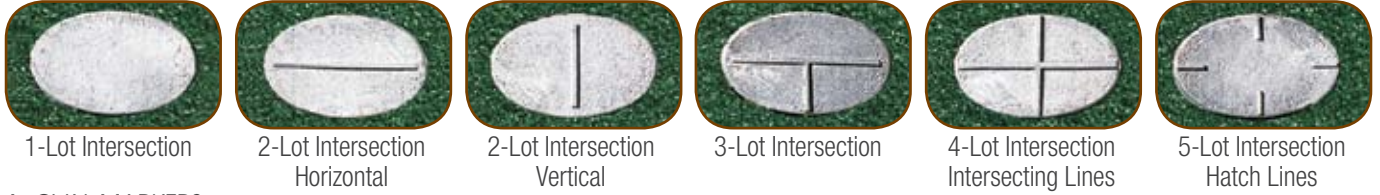

303426 Small Plaque Markers + One Rod; 4.625"W x 2.5"H

303434 Extra 15"L Galvanized Steel Rod

LOT & SURVEY MARKERS

Heavy-duty cast aluminum in round or oval faceplate shapes. May be produced in configuration styles for 1-5 lot intersections. Designed so faceplates fit flush to the ground for ease in mowing. Select the configuration style for the number of desired lot intersections as well as the orientation and sequencing of the lettering and/or numbering that meet the individual requirements of your cemetery layout. Please specify these selections and provide a rough sketch when placing your order. Letters and numbers are integrally cast to the faceplate as raised characters and priced on a per character basis. Letters, numbers, punctuation marks and lines are extra.
