

**A. RETRIEVAL PAN**  
Easy retrieval of small capacity cremations.  
12 gauge stainless steel. 20" Dia. x 4"H.  
**512281**

**B. TRANSFER PAN**  
Designed to place the cremains from the ash pan to the transfer pan for cooling, then to the processor. The unique, light weight, stainless steel pan is easy to handle and is a favorite tool used by customers. 30"L x 14"W x 7"H.  
**525674**

**C. CUSTOM ASH PANS**  
Ash pans are custom made to fit any crematory with a durable stainless steel or black iron construction. We can fit any make or model of cremator. Please specify model of cremator.  
**525890**

**D. HAND MAGNET MULTILIFT**  
A quick way to effectively cull iron or steel pieces from cremains. Fingertip pull retracts magnet. 1 to 2 pound capacity. 4.75"L x 1.5"W x 9.25"H.  
**515418**

**F. CREMATION PAN COOLING RACK**  
Cooling racks for your cremation pans. Available 2 or 4 pan configurations. 2 Pan Rack: 22"L x 10"W x 25"H. 4 Pan Rack: 22"L x 10"W x 47"H (shown).  
**525825**

**E. HAND HELD PACE MAKER/METAL DETECTOR**  
16"L x 3"W  
**524389**

**G. STORAGE RACK WITH CASTERS**  
Custom designed storage racks allow you to store numerous standard and cardboard caskets in a minimal space. Each shelf has rollers every 12" for easy loading and unloading from your lift table. Built to last, sections are either bolted or welded together for easy assembly (shippable units are bolted, not welded). All portable racks come with heavy duty casters.  
**525830** 4-Body; 80"L x 20"W x 68"H.  
**525829** 3-Body; 80"L x 20"W x 52"H.
